

REFORMATION STUDY CENTER IN WARSAW, POLAND

Take. Read. Grow.

Tolle Lege Institute: The Hub for Confessional Reformed Resources in Central-Eastern Europe

Our library, bookstore, translation projects, study space, and lectures provide friendly access to God's Word – in the spirit of the Reformation.

There are more evangelical Christians in Saudi Arabia than in Poland! Will you help us connect with truth-seekers who've never met a Protestant believer, never heard the doctrines of grace, never found rest in the finished work of Christ? We are praying for new support partners in 2021.
